Declaration by the European Community and the People's Republic of Bangladesh

The European Community recalls the importance attached by its Member States to the effective cooperation with third countries to facilitate the readmission of nationals of the latter who are present illegally in the territory of a Member State.

The People's Republic of Bangladesh undertakes to conclude readmission agreements with the Member States of the European Union which so request.

Declaration by the European Community on actions in favour of least developed countries

The European Community recalls its engagement to implement as completely and quickly as possible the proposals included in the plan of action in favour of least developed countries, adopted in the WTO Singapore Conference held in December 1996.

Statement by the People's Republic of Bangladesh on the Declaration on readmission agreements

In agreeing to the undertaking 'to conclude readmission agreements with the Member States of the European Union which so request,' the People's Republic of Bangladesh desires to make it clear that the undertaking exclusively represents Bangladesh's readiness to enter into negotiations with the objective of concluding mutually acceptable readmission agreements with the Member States of the European Union which so request. At present, Bangladesh does not have such readmission agreements with any Member State of the European Union. However, on the request of EU Member States, Bangladesh is willing to start negotiations or intensify where such negotiations are already underway. Bangladesh considers these negotiations as independent of any other bilateral or multi-lateral agreements that she has concluded or is in the process of negotiating with EU Member States or the European Commission. Also, Bangladesh does not accept any non-negotiable text for such bilateral readmission agreements.
